Student's union team registry: Is it up yet? → Not sure, don't think so

People missing:

        Please show up if you can and if you can PLEASE send you're apologies to wayne.

NINT Lab:

        Now beginning to test the 1st batch

        Next week people can start in the lab (hopefully)

        G308 → Nick will ask about access

        Wayne will help train → evening shifts

Wiki:

        Only not book filled

        Not good…

UofA Lab:

        Naming issues → by next meeting

        Who wants to be in UofA lab and when are you available

        Give info to wayne

Programming

        Fac of Eng forgot to renew liscences

        James has visual studio 2008 and it crashes, will take to the programming guy.

Fundraising:

        Remko connected w/ Fac. Of Eng. PR

        Zach successful with Dept of immune & micro

        James winged it because he didn't get the proposal → Dr. Marquez of EE

        Where do the cost come from → DNA synthesis, regatents, etc.

        How much for donation, everything helps

Social stuff

        → with U of A team → next Thursday?

Half baked ideas: mid August?

        Need to know how many undergrads want to do this.
